

DURA-SPRAYS

Industrial Series Sprayers 10P, 20P & 30P Models

Designed for long service reliability, the Dura-Spray range is manufactured from high-density polyethylene for high chemical resistance.

A unique funnel neck allows for easy filling with no splashing of the liquid onto clothes and hands.

The all plastic trigger, extension lance and Viton seals enable a wide range of chemicals to be sprayed.

The moulded plastic nozzle is adjustable from a fine mist to a coarse jet.

Fan jet nozzles, service kits, carry straps and spare parts are all readily available.

The sprayers below are available in 4, 8 and 12 litre sizes and the benefit of **own branding** can be offered at no extra cost!

Certificate No: Q.11704
